Chief,

FYI. This is the email sent to the Commissioner from Lt. Whelan concerning the recent days low production. As you can see Lt. Whelan explains it very well.

Respectfully,

Phil

Subject Re: Fw: A new Strike Force Daily Report has been submitted. 📎

Sir,

The numbers represented are not indicative of unit performance. On the night in question we operated only 3 Officers or 1.5 car crews. The platoon in question has 2 vacancies and one Officer on Military Leave until January, 3 coppers have the flu. In addition because of the high level of interest from the Officers of both Strike Force and Housing units a large percentage were attending the FEMA ERT training last week further depleting our manpower and thus production. Since we have no minimum manpower when these absences occur there is little we can do to provide coverage accept to go out and do our jobs to the best of our ability, as we have a long history of doing.

Respectfully,
Lt Thomas Whelan

Daniel Derenda

Subject Re: Fw: A new Strike Force Daily Report has been submitted. 

No excuses. I will speak with Lt. I worked this past weekend as part of some of the increased patrols which you authorized. I believe they were very effective in suppressing crime. There was no shots fired, persons shot, nor armed robberies reported during the times that we worked. Better staffing at checkpoints was the key, I believe. Let me know if you agree and would recommend that we duplicate the efforts (with increased manpower) this weekend or any other time. Respectfully, Capt Patrick Roberts
